Lawns & Grounds

The Board was visited by Carolyn from Spectrum Lawn. She informed the board that on Saturday afternoon the 15th of April a Westmont resident got out of his car and harassed one of the Spectrum Mowing Crew associates. This resident not only expressed his displeasure with the service but also used Racial slurs in the mans presence.

The board then discussed the use of letters and door hangers to bring the situation to light with all the residents of Westmont.

The board also discussed the use of off-duty Overland Park Police to be on premise during the mowing schedule. They decided that they would first try to reach out to the residents and let them know of the situation.

The decision was made to inform the residents of Westmont to NOT make personal contact with the Spectrum Lawn crew. And to address all concerns, complaints and COMPLIMENTS to Carolyn of Spectrum Lawn.
