**SOUTH PATROL CRIME OFFICER**

The Kansas City, MO Police Department has re-instated the patrol division crime prevention position that was eliminated about six months ago and once again Officer Mike Hammer is now our contact for SPD. The direct, non-emergency line for SPD is 816-234-5550. SPD is responsible for serving approximately 75 square miles of the City and over 65,000 citizens. Mike's position serves as a communication tool for citizens and the police department. If you observe non-emergency activity, have particular questions or requests, he is the person to contact and he will have direct access to the field officers in our area. We encourage you to use this resource.

**ISLANDS**

The Board will be considering the upcoming island contract for the next year at the first meeting after our annual meeting, this is the largest (or second to the largest depending on weather) budget item our association has and particularly on the south entrance to our neighborhood the first view people have of us as they drive by on Blue Ridge or enter on St. Andrews Drive.

**NEW NEIGHBORS**

Unlike previous years the current state of home values has brought us many new neighbors over the past year or so, we hope you are getting acquainted, old and new, and enjoying our area. We have also seen a few homes renovated and beautified which has changed our landscape for the better and increased the value of our general association.
